Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant and Applicant's representative discussed the background of the invention and the difference between the instant application and the prior art of Seymour(5,967,050). Examiner agreed that the claims of said application read over the prior art of Seymour. Examiner will update search based on the claims or any amended claims. The Examiner maintains the 35 USC 101 rejection directed to the current claims since said claims are still considered non-statutory based on MPEP 706.03 regarding printed matter.
